Hello,

The following submission has been created.

Track Name: ICECIT2021

Paper ID: 360

Paper Title: BPBR: Serial Number Recognition from Bengali Prize Bond

Abstract:

Recognition of prize bond serial numbers offers something new to the field of Image Processing and Natural Language Processing (NLP). In this paper, we discussed the procedures of detecting Bengali serial number of prize bonds from image using NLP where several steps of processing of the image data is also required before the recognition process. We went through several steps processing of the images to bring them into the appropriate format for the recognition procedure. We also discussed further possibilities of practical implementation of this concept which will include the idea of automation in a minimal way in our regular life.
